

## POINTS ROAD TO CLOUDCROFT

Pathfinder Lester Reports to Auto Club for Benefit of Motorists.

The following report on the condition of the road from El Paso to Cloudcroft, via Alamogordo, was made to the El Paso Auto club by C. H. Lester, pathfinder.

The road north from El Paso for about 15 miles is in its old condition, fairly good. A mile or so north of El Paso the old road is closed and one now descends to the west about a quarter of a mile to the new road. This new road runs north on nearly a direct line, passing to the left of the flat ranch and dry lake bed beyond to the intersection of the old road. This new road is somewhat rough. From that point north to within about 15 miles of Alamogordo, the road is in about its usual condition. From that point, however, especially nine miles before reaching Alamogordo, the road is badly cut up, very rough and dusty, but entirely passable about eight or ten miles. From Alamogordo north to Cloudcroft the road is in the same as before and in normal condition.

**Many Tourists Registered.**

The following tourists registered at the El Paso Auto club Tuesday:

Mr. and Mrs. H. B. Tread, El Paso to Fort Worth, via San Antonio.

Mr. and Mrs. H. D. Johnson, of El Paso, en route to San Antonio, leaving Friday in a Ford.

W. Hall, a member of the club, wife and two boys, together with Mr. and Mrs. H. D. Johnson, C. P. Eddins and Mrs. George Wilson, are leaving the latter part of the week for the trip to a camping trip. The party will be gone possibly a couple of weeks.

L. D. McCormick has just purchased a Buick four of the Running Motor company and is driving through to El Paso.

J. H. Harrod, El Paso, to California.

W. Q. Wheeler and O. V. Rucker, from Fort Bliss, going to Kansas City in an Oakland.

R. W. Oakes and M. H. Head, of Los Angeles, en route to Pittsburgh, Pa., via Fort Worth and Kansas City.

## EXPECT COUNTY TAX ROLLS WILL SHOW \$62,000,000

The county commissioners have just completed the annual equalization of assessments and are now ready to receive and pass on all appeals from the figures decided on. It is expected that when the figures are finally whittled into shape, they will show a net assessment for the year of about \$62,000,000, or about \$2,500,000 increase over last year.

## Ariz. Lawyer Ends Life Or Is Murdered

Car Is Found Riddled and Harte Killed With Indications Of Suicide.

Douglas, Ariz., May 28.—Authorities today were trying to decide whether Thomas P. Harte, a young attorney of this city, was murdered yesterday on the road six miles east of Tombstone or whether he committed suicide. He was found with a bullet wound in his right temple. The car in which he rode was riddled with bullet holes. In his hand was a Colt's revolver with four empty shells. In his pocket were cartridges of the same caliber as that which killed him.

The sheriff's office at Tombstone is said to have evidence that attorney Harte took his own life after having ridden the road with his revolver. Sheriff Welch is quoted as saying the lawyer had left a letter in which he had written that he expected to kill himself.

Harte is said to have told assistant county clerk J. H. Harte that he believed someone would kill him. He also left a letter addressed to a fellow attorney with authority to act as executor of his estate.

## DR. DYARS ACQUITTED ON FIRST CHARGE; ANOTHER YET

A verdict of acquittal was returned in the 21st district court at about 5 o'clock Monday night by the jury in the case of Dr. J. C. Dyars, charged with the murder of a woman.

Dr. Dyars had been tried on indictment alleging murder by shooting of Mrs. Mary Francis Piller, wife of an American soldier.

There is pending another indictment based on the same alleged offense, and assistant district attorney E. H. Harte said Tuesday that this indictment would not be dismissed on the state's motion.

## COUNTY ATTORNEY CHARGES MAN WITH LOUD LANGUAGE

Complaining of minor loud and vulgar language in a public place was filed in Justice J. M. Deaver's court Tuesday at the instance of county attorney W. H. Fryer against one John Doe Charters, said to be a physician.

Mr. Fryer complained that the accused spoke threateningly to him in the court house earlier in the morning.

## CHARGED WITH VAGRANCY.

Vagrancy is charged against Sallie Newberry, aged 19 years, and Jennie Parks, aged 21 years, who were arrested at a cafe on Sheldon street Monday evening. G. G. Gilbert, also was arrested.

## MEXICO RAISES GOLD IMPORTS

Says 50 Percent, Instead of 25 Percent of Metal Must Be Reimported.

Washington, D. C., May 28.—The state department has received advice that the Mexican government had doubled the 25 percent valuation of metal which must be imported in return for all bullion exported from Mexico. Therefore, under the new ruling, mine operators would have to import to Mexico gold to the value of 50 percent of all bullion exported.

The corporation upon which the notice was served notified the trade board through which export licenses for shipment of bullion must be obtained. They were informed that no increase would be permitted in the amounts now being shipped.

While there is no belief here that the new device of five cents over the value of the metal is the object being to bring about the consumption of all home products before any foods are imported from the outside.

It is pointed out that the cause of its inaccessibility over the Mexican railroads.

Lloyd Burlingame, acting American consul at Juarez, will probably attend a conference from this district, seven, said E. A. Dow is away on vacation with his wife and family at Long Beach, Cal.

It was stated Tuesday morning that Mr. Dow might return to Texas to attend the conference, but it was thought probable that he would not.

Several matters relating to passport regulations and other important subjects will be discussed at the conference.

## EXPECT BIG WHEAT HARVEST.

The wheat harvest in the valley below Juarez will be greatly increased this year, according to major J. H. Harte, D. H. Harte, the farmers of the valley have been instructed not to cut any grain wheat.

## BOUND OVER ON CHARGE OF TRYING TO SMUGGLE MILK

Antonio Gonzalez, alleged to have attempted to ship 20 cans of condensed milk to Mexico from a point in El Paso county, near monument seven, was placed under \$500 bond by U. S. commissioner S. L. Kelly Tuesday, pending hearing Monday morning.

Gonzalez told the commissioner that he had crossed from Mexico Monday as a contractor, himself, and that while working there, met a man with a truck load of milk, who engaged him to transport part of it in a point on the river near a tree, and that he did so, not knowing the milk was intended for export to Mexico.

## AMERICAN CONSULS ALONG BORDER MEET IN SAN ANTONIO

San Antonio has been chosen as the meeting place for American consuls along the Mexican border. The conference will be held on June 10.

Mr. Denison is also interested in the war council work. He was the first Y. secretary at Camp. Only before the 21st division reached there.

Stanley Hagan, contractor, will commence work Wednesday on alterations in the El Paso city hall.

W. M. C. A. lobby which will probably be complete in a week. The pocket billiard table was moved from the north side of the lobby into the room formerly used for cafeteria.

## NEGLECTED HOMICIDE CHARGE AGAINST J. L. CRABTREE FILED

Complaint alleging negligent homicide was filed in the county court last Monday afternoon, naming J. L. Crabtree. The complaint was based on the alleged running over by an automobile of Willie M. Glendon, May 25, on North Campbell street. Glendon died at a hospital soon after the accident.

## County Farm Bureau To Form Here On Friday

Delegates Meet at Chamber Of Commerce; To Have A Crop Survey.

The county farm bureau, which will make part of its work consist of marketing, will be finally organized Friday afternoon at the chamber of commerce delegates from various local units over the county to be present.

County farm agent Roland Harwell has dispatched letters to various farmers in El Paso county for data for the compilation of a crop survey, on which will be based contracts for the cooperative marketing in El Paso city of the products of valley farms.

The chamber of commerce, the local food administration and other city organizations will assist in the marketing of valley products in the city, the object being to bring about the consumption of all home products before any foods are imported from the outside.

It is pointed out that the cause of its inaccessibility over the Mexican railroads.

Lloyd Burlingame, acting American consul at Juarez, will probably attend a conference from this district, seven, said E. A. Dow is away on vacation with his wife and family at Long Beach, Cal.

## SCHOOL TAXES

Levy Probably Will Be 45 Cents Next Year; May 31 Last Day of Term.

It is probable that the school tax levy for the coming year will be 45 cents, or an increase of five cents over the current levy, it was said by trustee S. J. Freudenthal, chairman of the school board's finance committee, at a meeting of the board Monday night.

Trustee Freudenthal said he had discussed the matter with mayor Charles Davis, who had requested that everything be done to keep the tax low, down as the city's finances are not in the best possible shape.

In this connection, trustee Freudenthal said the \$100,000 five cents would produce about \$25,000 revenue.

**Decide to Increase Salaries.**

The board then took up the next steps in the salary matter. It was decided to increase the salaries of the principal, the school clerk and the school janitor. The principal's salary was set at \$1,000, the school clerk's at \$600 and the school janitor's at \$200. It was also decided to make increases to teachers' salaries according to the grades mentioned: Excellent plus, \$15; excellent minus, \$75; very good, \$100; good, \$125.

Trustee R. L. Ramey suggested the board should investigate methods of increasing salaries by other means, declaring that some principals and teachers were excellent. The board will look into this, it was said.

**Report on War Stumps.**

Supt. R. J. Tighe reported that the last war stamp drive in the schools had resulted in collecting 1,000 stumps. The high school came first with \$17,000, but eliminated itself from competition for prizes, which was won by the elementary school. Alta Vista, with over \$7,000, or \$3.47 per capita, receiving a flag, and Morehead, with \$2,500, or \$1.25 per capita, receiving a large photograph of president Wilson.

At the instance of Robert Krakauer, secretary of the Associated Charities, the board decided to engage at least one trained nurse to care for school children. Miss Baugh, engaged by the Associated Charities, has discovered many cases of defective eyesight, scurvy, and the like and has been receiving a large photograph of president Wilson.

She said at Alta Vista school she found 25 of 250 students with defective teeth.

Miss Alice Swann, principal at Vista, said she had been told that children found there by Miss Baugh with defective sight, are now wearing glasses.

Mr. Krakauer said that in all cases where parents were financially unable to have the medical attention given their children, as recommended by the nurse to be engaged, his organization would care for them.

It was decided to accept the resignation of auditor P. E. Sawyer at \$175 per month, but decision was deferred.

W. E. Phillips, international Y. M. C. A. secretary, presented an invitation from the students of the Y. M. C. A. to hold a social dance on Tuesday evening at Hotel Shelton. The invitation was accepted.

**Break Piano Paid For.**

Meadames W. E. Brown and R. L. Holliday appeared at the meeting with the request that the piano at the high school, on which there is \$107.75, be paid for and retained. Mrs. Brown, who was principal of the high school in the local schools, said that Mrs. Holliday, Miss Mary Morgan and herself would guarantee payment of half the sum if the board would pay the other half. The board referred the matter to trustees John Lowman, Roy M. Walker and C. B. Stevens to determine what terms of payment could be arranged with the El Paso Piano company, owner of the instrument.

It was decided to reject all coal bids on file and call for new bids on Dawson and Swanton st., screened, mine run and sea anthracite coal.

**Schools Close May 31.**

Taking cognizance of the fact that the increased railroad passenger rates do not take effect until June 15, the board decided that the schools would not close until May 31. It had previously been decided to close May 29, if the increased rates would take effect June 1, as was reported. The plan was made to enable teachers to avoid higher rates in going on vacations.

Trustees Lowman and Stevens and auditor P. E. Sawyer were appointed a committee to attend to necessary repairs to school buildings during the summer.

**Will Install Machine Shop.**

On motion of trustee Walker, the board voted to install a machine shop at the high school and to accept the \$1,500 bid for equipment submitted by the Mine and Smelter Supply company.

Trustee Stevens submitted his resignation, effective immediately, stating no reasons and making no comment. The board voted unanimously to table the matter.

A vote of thanks was voted to Harry L. Pearson, a graduate of this year, for donating a 25 foot steel pole, and to the officers of the battalion of cadets, of which Mr. Pearson is a member, for donating a flag to the high school.

**ANNUAL "TATLER" IS FILLED WITH PATRIOTIC SENTIMENT**

The annual edition of the "Tatler," organ of the El Paso high school students, has made its appearance. The issue is noteworthy for patriotic sentiment, the distinction being "to the boys of the United States and her allies who are offering their lives on the battlefields of Europe that the world may be safe for democracy."

There is on one full page a reproduction of the national flag, a young woman making the following toast: "To the flag; may the Germans be made to see stars and feel stripes."

Harry L. Pearson was editor in chief and Mayo Stevens was business manager of the "Tatler" during the session now closing. Among many contributions was Roy Brown's poem, "That Old Kaiser Bill," predicting the return of American soldiers heavily laden with trophies from Berlin.

**NAME COMMITTEE TO DRAW RESOLUTIONS ON DR. WORSHIP**

At a meeting of the El Paso Valley Water Users' association, and the board of improvement district No. 1 Tuesday, a committee composed of Charles E. Lewis, C. E. Kellogg and H. B. Stevens was appointed to draw resolutions for the late Dr. B. M. Worthington, who was governor of the Water Users' association. Reports of the monthly work were heard. T. D. Forester and A. J. Smith, the latter assessor and collector from Valera, were present.

L. M. Lawson, project manager of the reclamation service, returned Tuesday morning from Las Cruces, N. M., where on Monday he met the water users of the El Paso Valley irrigation district. The drainage work in that district was discussed, also the tasking of the service to the ditch running near Canutillo, La Union and the New Mexico line.

## Alienists Are Divided As To Woman's Sanity

Those For Defence Say Miss Lusk Insane; Others Declare Her Sane.

Wankersha, Wis., May 28.—Closing arguments in the trial of Grace Lusk, who is charged with the murder of Mrs. Mary Newman Roberts, began today. It is planned to have the case in the hands of the jury by tomorrow night.

Five experts retained by the defence testified that Miss Lusk was insane at the time of the shooting, and experts retained by the state testified that she was quite sane.

**DR. JAMES DOUGLAS IS REPORTED SERIOUSLY ILL**

Douglas, Ariz., May 28.—From New York has come word of the serious illness of Dr. James Douglas, who now, at an age past 50, has been in declining health for more than a year, and who has been compelled to abandon an expected visit to the southwest in which he has been a prominent figure for 25 years.

Walter Douglas, president of the Phelps-Dodge corporation, remains in the city limits, and without meeting, or to supply matters at the city's expense where the water is to be measured, it has taken the case into the courts.

## REFUSES TO SUPPLY WATER OUT OF TOWN AT CITY RATE

Phoenix, Ariz., May 28.—The Phoenix city commission refuses to accept the order of the state corporation commission to supply out of town patrons with water at the same rate known in the city limits, and without metering, or to supply matters at the city's expense where the water is to be measured, it has taken the case into the courts.

## SELLS FARM TO GO INTO ARMY

Vado Man, Thrown From Horse, Dies as Result of Injuries.

Menquite, N. M., May 28.—C. C. Walker has sold his 25 acre farm north of here to A. J. Jarrett. The place is all in wheat. Terms are private. Mr. Walker is agent for Santa Fe railroad, but has been accepted in the army service and is awaiting his call. Others from here who have been called are Frank Phelps and Lloyd Harte, making a total of five men to go this month from this immediate district.

**Fall From Horse Fatal.**

Jose Delgado, while breaking a horse here Sunday, was thrown and injured so badly that he died two hours after the accident. Several bones were broken and he was injured internally. Delgado lived near Vado.

**Man Churn to Irigate Farm.**

F. C. Merrill has about completed the construction of a canal through which water will be irrigated. The ditch connects with the government canal and will irrigate about 450 acres. At present a drain is being put under the road track. The hay movement here is slow, only a few cars being shipped out, and a small amount is being stored.

## Quake Is Felt In New Mexico Little Damage

Plaster Is Knocked From Houses In Santa Fe; Las Vegas Is Shaken.

Santa Fe, N. M., May 28.—The third earthquake shock felt in Santa Fe since 1911 occurred here at 2:30 o'clock this morning and was heavy enough to shake plaster off walls of houses. The shock lasted about five seconds and was accompanied by a plainly audible rumbling.

Reports from nearby towns indicate that the quake was generally of the same strength and duration.

**Las Vegas Is Shaken.**

East Las Vegas, N. M., May 28.—A slight earthquake shock was felt here at 2:30 this morning, lasting only a few seconds. Buildings were shaken, but no damage done.

At present a drain is being put under the road track. The hay movement here is slow, only a few cars being shipped out, and a small amount is being stored.
